

INTRODUCING

Daily Chats

We are excited to launch themed **Daily Chats** on the **Parent Coordinator Community Website** to bring our family facing professionals together. [Click to Chat](#)

The parent coordinator virtual community is a professional community for parent coordinators to connect, share resources, and spotlight current work.

Parent coordinators – we encourage you to provide tips, encourage one another and join live discussions. This is your virtual community to network with parent coordinators around the city.

PARENT COORDINATOR

Daily Chats Calendar

MINDFULNESS > MONDAY

Let's start the week strong. During this current pandemic we are all fighting to support families that are experiencing trauma and hardships that's taking a toll on their social emotional wellness, as well as our own. Let start the week by sharing best practices and uplifting stories that can help us power through the week. Remember to take time to self care - this can be another daunting task. However, we know the importance of a check up. **We care, so every Monday we'll be taking a temperature check. Just a word, share how you are feeling, share an uplifting story, share what you're doing to support the wellness of our families.**

THANKFUL > TUESDAY

What are you thankful for? Surrounded by loss and uncertainty it can be difficult to think about gratitude. However, we know it's good to remember the things we still have, like life. It's a reminder to keep pressing on! You're still here reading this and you're not alone, we're in this together. So take a moment to share one thing your thankful for and be encouraged by reading what others share. We'll start! **We're thankful for all of you and all the hard work you put in each day to support our families.**

WATCH PARTY > WEDNESDAY

Join us on Wednesday at 10:00am - 10:30am to watch pre-recorded videos to support remote learning at home. **Watch Party Wednesday will dedicate 30 minutes on the PC website to educate and inspire parent coordinators** to share best practices with families that they can do at home. This is a great opportunity for parent coordinators to view a video made by DOE educators, and DOE partners. They can learn from each other by having discussions on the chat feature about what they learned from the video, and how they will use the information.

THROWBACK > THURSDAY

This is an opportunity to share accomplishments, highlights, and/or best practices for the week. It's just a moment to stop and reflect on how we celebrate families and community partnerships. Please share stories from the past to showcase your family empowerment strategies at work. **You can also highlight these strategies by sharing photos and videos of time period within the school year.** We'll take a few of your accomplishments and spotlight them on the main website for all to see!

FUN > FRIDAY

We made it! Fridays are focused on giving an opportunity to parent coordinators, family leadership coordinators, and family support coordinators to take us on an exciting adventure tour. **This is a great place for you to model how you are empowering and engaging families.** For example, walking us through a workshop on DIY masks.
